### **Degree Audit**

Every student should be reviewing their degree audit periodically. It is important to know where you stand in your degree completion. Once you review your degree audit and notice that there is a discrepancy, please reach out to your academic advisor as soon as possible.

There are certain Computer Science Technical Electives that may not appear in your degree audit such as CS 105, CS 110, CS 142, CS 144, CS 145, CS 147, CS 167, and CS 175. If you have taken these courses and it's not showing up under the Computer Technical Electives block, then please reach out to your academic advisor so that we can update your degree audit.
