BCOE COMMUNITY: DEAN LYNCH

Dear BCOE Community,

It is with a heavy heart I share with you the news of the death of one of our engineering students. Our condolences go out to those who were close to the student, and we feel the impact of this throughout our engineering community.

I encourage all of you who are affected by this loss to utilize campus resources. Students who need professional and confidential mental health support may contact [UCR's Counseling and Psychological Services](#) (CAPS) at 951-827-5531, available for free to all UCR students.

We are here for you and with you.

Sincerely,

Prof. C.S. Lynch

GRADUATE & PROFESSIONAL SCHOOL SERIES

The Graduate School Seminar Series is designed to help transfer students break down the graduate/professional school process. During this 2-part seminar series, students will gain confidence in researching programs for graduate studies and become knowledgeable of the application process (including letters of recommendation, the personal statement, and graduate school exams).
