Subject: MSE - Weekly Email (Week #2, 2022 Fall Quarter)

Well, can you believe it? We are already heading into the 2nd Week of the Fall Quarter. How was your first week? Any struggles? Odd dilemma's? Are you enrolled full-time?

Breadth classes have been very hard to find open seats in, and know that I check daily to see what may be open at the moment.

Did you know that there are job fairs in Week #2? Make sure you participate if you need an on-campus job or are ready to look at what your career may start as!

HOW TO SEND AN EMAIL

<http://student.engr.ucr.edu/emailadvisor.html>

All BCOE students are asked to follow this requested protocol when sending an email:

List in the subject line: **MSE and your Full Name**.

Please be sure to include your Student ID# (86*****) in the body of your email.

This process allows our office to monitor, help and respond as quickly as possible to your requests and needs; by following the protocol we are able to filter your email correctly.

Please be mindful of how you communicate. This is a simple task, but one that is important.

ADVISING NOTES FOR YOUR MAJOR (MSE)

When using the suggested Course Plan, always use the one you are assigned to (you can see this listed as your 'Catalog Year' in the Degree Audit) and the most up to date version (2022).

The most up to date version will show two things; new courses required in the major, and new terms for when courses may be offered.

<https://student.engr.ucr.edu/majors>

**I am attaching the newly approved course plan for the new school year (2022-2023). Make sure you check it and compare it to the version you have that matches your degree check. If you have questions, send me an email.*

A key note – your degree audit may still show what you are needing to take (old course(s) required), but you may need to take the new course listed.

Here are a couple of the changes to the Materials Science & Engineering program (effective 2021):
EE 001A & 01LA has become EE 005 (*if you see EE 030A & 030LA in your degree audit, I will have to manually update the record*)

-Double check the pre-req's for this and let me know if you have any questions.

~Please note that the TE courses are options depending on when you started in the MSE program (Catalog Year). You can double check with me if needed.

*If you are looking to enroll into a course and are not able to, please use the online BCOE enrollment assistance form to get help with adding: <https://student.engr.ucr.edu/enrollment-assistance>.

~This applies to any BCOE course that you have an issue with.

Seniors (Year #4):

- When will you graduate, is it listed correctly in R'Web? Did you plan for Senior Design?
- Are you taking a Technical Elective course, but don't see it counting in your degree audit?
- Academic Advising Milestones (Year #4) happens in the Fall Quarter. Look for an email by the end of Week #2.

- Are you on track to graduate when you think you should be? Do you need to plan for a course in summer?
- Have you gotten the chance to do an Internship or Research yet?
- Are you taking a Technical Elective course, but don't see it counting in your degree audit?
- Academic Advising Milestones (Year #3) happens in the Winter Quarter.

Sophomores (Year #2):

- Have you joined any BCOE Clubs & Org's?
- What would you share with a new student, that allowed you to be successful in your first year?
- Academic Advising Milestones (Year #2) happens in the Winter Quarter.

Freshmen (Year #1):

- Are you using a Calendar System yet?
- Are you keeping your living space clean & organized?
- Academic Advising Milestones (Year #1) happens in the Spring Quarter.

- Did you have anything that helped you succeed (time management trick, calendar system, ironing your jeans, exercise, studying at a certain time of day, eating spicy food for breakfast) at your previous school?
- Have you joined the Transfer Transition Program (TTP): <https://student.engr.ucr.edu/transfer-transition/>?
- Do you have any courses listed in the Degree Audit with a code: 'UCRV RVW'?

I have some advice/notes/sayings I want to pass on from another Advisor, I thought they were great to share with you all:

- 1) It is best to ask and get a no than not ask at all
- 2) Treat others how you would like someone to treat your loved ones
- 3) Pressing send/submit is the fastest way to win an award or prize or scholarship, or anything really
- 4) Nudge yourself in the right direction or find someone to nudge you!

Have a great week, keep cool (we have that crazy heat sticking around at least another week), and care for you!
