Data Science Majors

*Please be advised that ENGR 170/PBPL 171 has never been offered. Therefore, you must take STAT 108 in lieu of ENGR 170/PBPL 17. CS 108 will be offered this Winter 2023. After Winter 2023 grades post, your degree audit will be updated with CS 108.

*Please be advised of the following: The Data Science Major Breadth Requirements cannot double count with the Data Science Electives. The Data Science Electives must be distinct from the Major Breadth Requirements.

*If you are planning to take CS 179(E-Z) or STAT 183, please be sure to check the prerequisites for these courses.

*As a DTSE major you have the option to take ENGL 001C or ENGR 180W. I highly recommend that you chose ENGR 180W. This course will satisfy ENGL 001C. It is also the prerequisite to CS 179(E-Z).

*You can find the list of Statistics course offerings here for the 2022-2023 Academic Year: https://live-ucr-datasciencebcoe.pantheonsite.io/sites/default/files/2022-09/statcourselisting22-23.pdf

Checking your Degree Audit

Every student should be reviewing their degree audit periodically. You can review your degree progress via R'Web with the "Degree Audit" icon. It is important to know where you stand in your degree completion. Once you review your degree audit and notice that there is a discrepancy, please reach out to your academic advisor as soon as possible.
