- **Please be advised that there is a step 2 process for the graduation application. You are to complete the student survey. Currently the survey is unavailable. Once the survey is available we will email it to you for you to complete.**

## **ENGR 101/G/M**

CSBA and ENCS students graduating in Winter 2023, Spring 2023, Summer 2023, or Fall 2023, you **MUST** take ENGR 101/G/M in Winter 2023. **ENGR 101/G/M is ONLY offered in the Winter quarter.**

## **Course Prerequisites**

Please be sure you are reviewing prerequisites for courses being planned for Winter 2023 and future terms.

- Bookmark this page to view which Computer Science courses will be offered in Spring 2023. <https://www1.cs.ucr.edu/undergraduate/course-listings>

## **MATH 005B**

**Students who completed MATH 005A in Fall 2022 should not enroll in MATH 005B.**

Students should enroll in MATH 009A. The Math requirement for BCOE majors is MATH 009A, 009B, and 009C. If you have questions, please contact your academic advisor.

## **Concurrent Enrollment**

Students cannot enroll in another institution while being enrolled at UCR during the academic year (Fall, Winter, Spring). Courses taken at another institution while enrolled at UCR will not count towards your degree requirements. Should you have any questions, please contact your academic advisor.

## **Emailing your Academic Advisor**

We have a new email protocol! Effective October 12, 2022, students will need to use a new major advising email to contact their academic advisor. Include your full name, student ID number, and request in your message. Please allow three business days for a response. Please see the following link: <https://student.engr.ucr.edu/emailing-your-academic-advisor>

- DTSE: [saDTSE@engr.ucr.edu](mailto:saDTSE@engr.ucr.edu)
- ENCS (Last Name A-L): [saENCSal@engr.ucr.edu](mailto:saENCSal@engr.ucr.edu)
- ENCS (Last Name M-Z): [saENCSmz@engr.ucr.edu](mailto:saENCSmz@engr.ucr.edu)

## **Data Science Majors**

\*Please be advised that ENGR 170/PBPL 171 has never been offered. Therefore, you must take STAT 108 in lieu of ENGR 170/PBPL 171. CS 108 will be offered this Winter 2023. After Winter 2023 grades post, your degree audit will be updated with CS 108.

\*Please be advised of the following: The Data Science Major Breadth Requirements cannot double count with the Data Science Electives. The Data Science Electives must be distinct from the Major Breadth Requirements. For example, if you take BUS 104, this course can either satisfy the Major Breadth Area or the Technical Elective area BUT not both.

\*CS 171/EE 142. These courses are cross-listed. This course can either satisfy the Major Breadth area or the upper division degree requirement. It will NOT satisfy both areas. For example, If you decide to take CS 171/EE 142 for the Major Breadth Area, you must take CS 167 to satisfy the upper division degree requirement.

\*Please be advised that the Upper Division Degree Requirements will NOT satisfy both the Upper Division Degree requirements and the DTSE Technical Elective Area. For example, if you decide to take CS 166; this course will satisfy the Degree Requirements Area but not the DTSE Technical Elective Area. It will NOT satisfy both areas.

### **Checking your Degree Audit**

Every student should be reviewing their degree audit periodically. You can review your degree progress via RWeb with the "Degree Audit" icon. It is important to know where you stand in your degree completion. Once you review your degree audit and notice that there is a discrepancy, please reach out to your academic advisor as soon as possible.

There are certain Computer Science Technical Electives that may not appear in your degree audit such as **CS 105, CS 108, CS 110, CS 142, CS 144, CS 145, CS 147, CS 167, CS 173 and CS 175**. If you have taken these courses and it's not showing up under the Computer Technical Electives block, then please reach out to your academic advisor so that we can update your degree audit.
