2022 SPRING QUARTER REGISTRATION

The Schedule of Classes for the 2022 Spring Quarter can be viewed at www.classes.ucr.edu.

https://registrar.ucr.edu/registering

Before registering for 2022 Spring Quarter, you should check and clear all holds. Holds are listed under the “HOLDS” section in Student Profile at R’Web. Please follow-up with the appropriate office(s) to clear holds. See your campus R’Mail for details about BCOE initiated holds.

For the 2022 Spring Quarter initial enrollment, BCOE limits students in good standing to a maximum of 17 units (February 7 – March 1). Students on Academic Probation have a maximum of 13 units (or 3 courses). The unit maximum for students in good academic standing increases to 18 units for BCOE students on March 3.

REGISTRATION TIPS:

1. Enroll in courses using R’Web during your assigned Ticket Time.
2. Use the online Schedule of Classes (www.classes.ucr.edu) to find open courses and the course record number(s) (CRN).
3. Check your degree audit in R’Web, the suggested course plan (https://student.engr.ucr.edu/majors), and the approved Breadth worksheet (http://student.engr.ucr.edu/policies/requirements/breadth.html) to determine what courses to enroll in next quarter. You can also go to this link for visual guidance for more in-depth course planning guidance (https://student.engr.ucr.edu/student-success-programs).
4. Confirm that you have satisfied all prerequisites for the courses in which you plan to enroll. Prerequisites are listed in the UCR General Catalog (http://catalog.ucr.edu/).
5. After you have enrolled, check your schedule in R’Web and your UCR Student email regularly for any changes to the courses you have enrolled in.
6. If you need assistance enrolling in a course use the appropriate resources:
   - **CNAS courses** (i.e., Math, Physics, Chemistry, Biology, Statistics) please use the online form here: https://ucrbsgsac.wufoo.com/forms/enrollment-request/.
   - **BCOE courses** (i.e., Computer Science, Electrical Engineering) please use the online form here: http://student.engr.ucr.edu/enrollmentassistance.html.
   - **CHASS courses** (i.e., History, Political Science) please use the online form here: https://chassems.wufoo.com/forms/chass-enrollment-request-form/
7. ENGL 001C alternatives offered in the 2022 Spring Quarter will be listed online at this link: http://uwp.ucr.edu/wac.html.
8. To Waitlist a course, you will only be allowed to waitlist for the discussion/lab section (the secondary part of the course). A seat in the lecture is assumed if there is a seat in the discussion/lab. If a seat becomes available, you will be sent an email to add both sections. You will only have 24 hours to add the available seat, so keep watching your email. If you miss the 24 hour window to add the course, that seat is offered to the next student in line and you will
be dropped from the waitlist. If you drop yourself from the waitlist, either accidentally or on purpose, you will lose your place on the waitlist. For more details, you can click this link: https://registrar.ucr.edu/registering/waitlist.

Future course offerings from:

Undergraduate Faculty Advisor: Dr. Allan Knight
